

FRIENDS INTRODUCTION CD

The Introduction images are back by popular demand. For the past two conferences, Sally Rose has produced a CD of images of our members and their work that was used for introductions at the opening of the meeting. Last year we also made the CD available for purchase and many of you took us up on it. This year Sally is teaming up with Jennifer Spoon to continue this great conference feature. The process will remain essentially the same. You will provide us with images that reflect you and your work and give us permission to use these images on the CD that will be distributed among the membership of the Friends of Dard Hunter. In addition we ask that you include a brief (up to 100 words) written description of your work. Click on Release Form for an interactive PDF form or return a printed copy with your images. The CD will be available for purchase for \$5 each at the conference with proceeds going back into the FDH operating fund.

WE WANT ALL OUR MEMBERS REPRESENTED
